

2. ReactJS-HOL

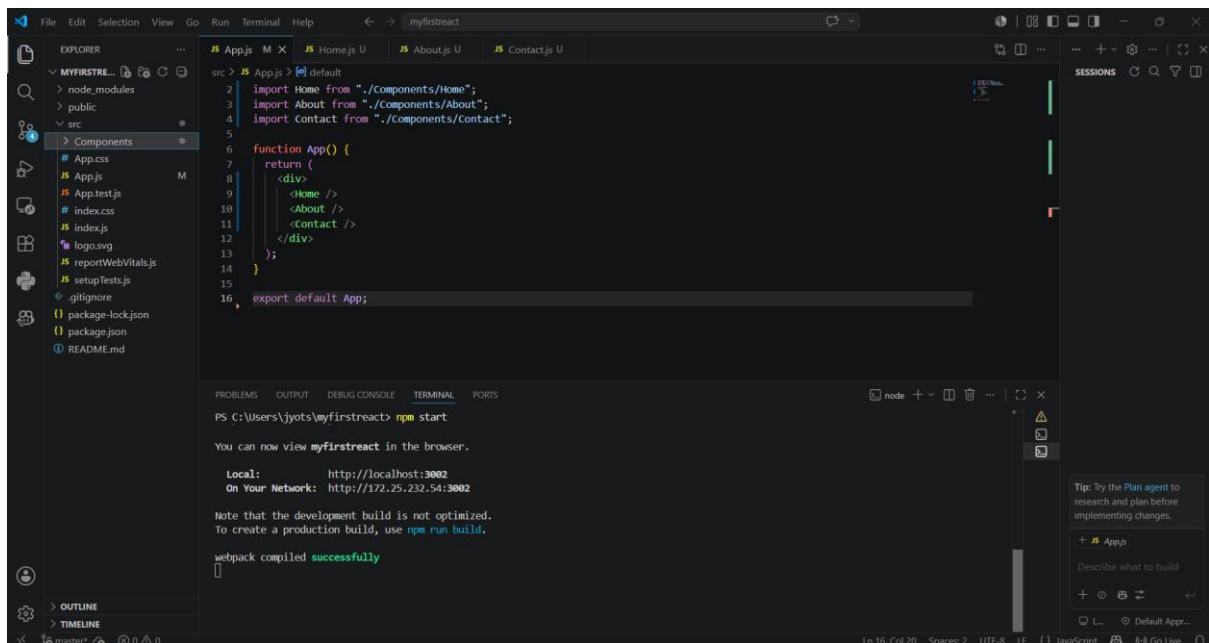

Objectives

- Explain React components
- Identify the differences between components and JavaScript functions
- Identify the types of components
- Explain class component
- Explain function component
- Define component constructor
- Define render() function

In this hands-on lab, you will learn how to:

- Create a class component
- Create multiple components
- Render a component

App.js

The screenshot shows a VS Code editor with the following content:

```
src > JS App.js > default
2 import Home from "../Components/Home";
3 import About from "../Components/About";
4 import Contact from "../Components/Contact";
5
6 function App() {
7   return (
8     <div>
9       <Home />
10      <About />
11      <Contact />
12    </div>
13  );
14 }
15
16 export default App;
```

The terminal window shows the following output:

```
PS C:\Users\jyots\myfirstreact> npm start

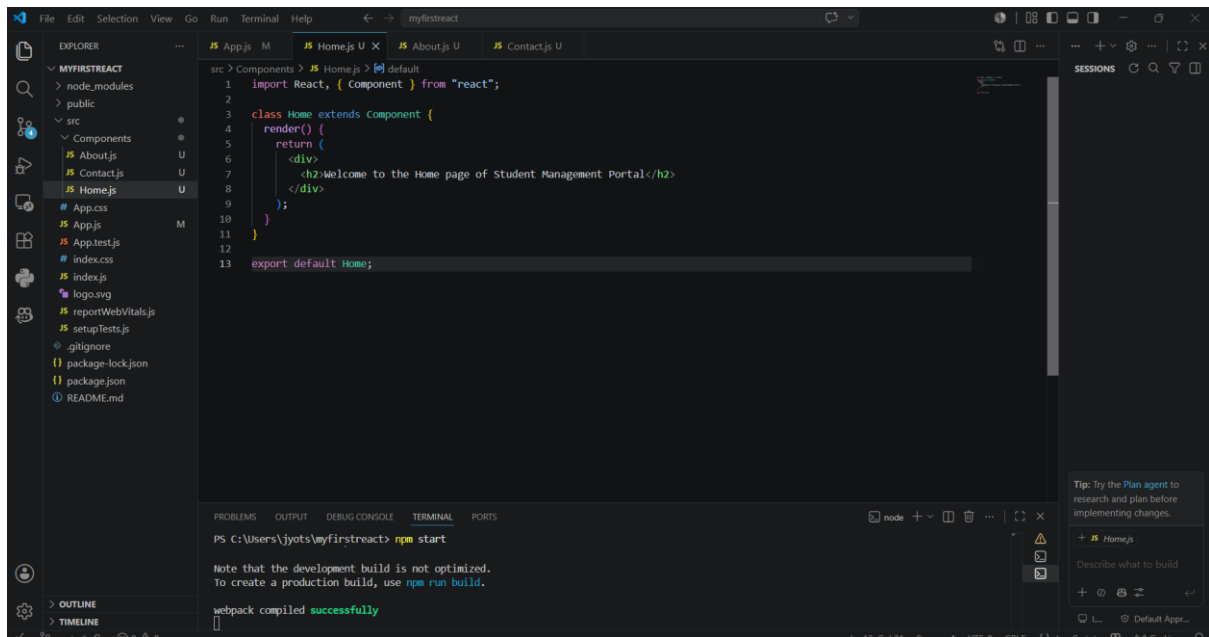

You can now view myfirstreact in the browser.

Local:      http://localhost:3002
On Your Network: http://172.25.232.54:3002

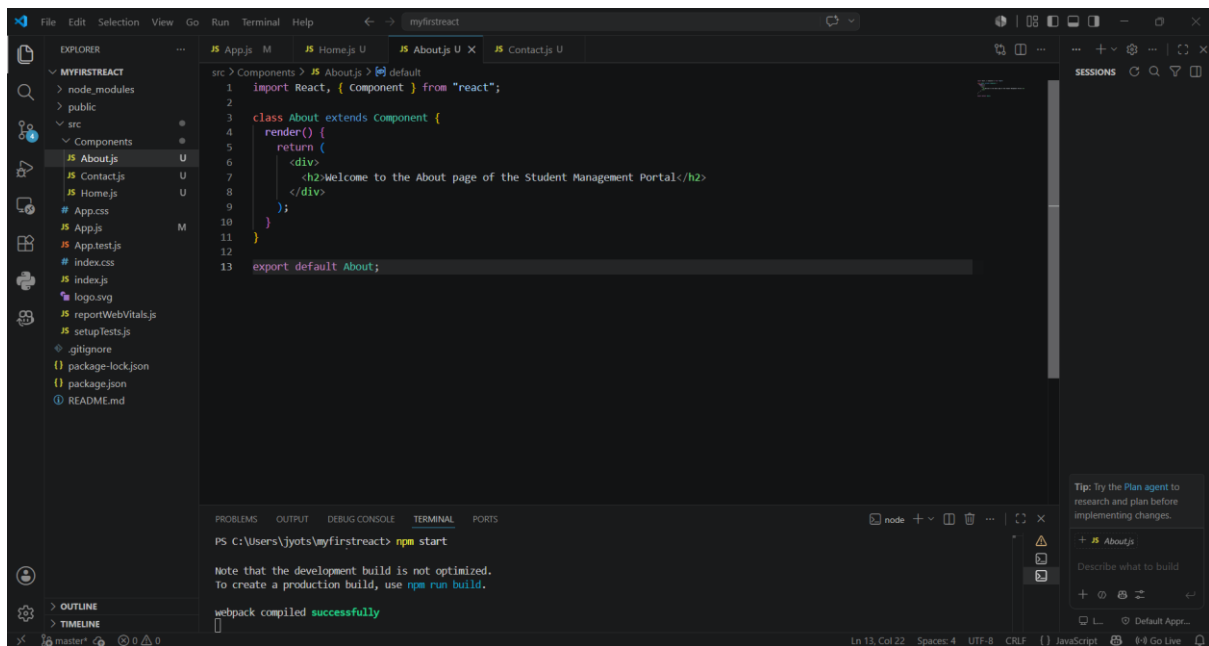

Note that the development build is not optimized.
To create a production build, use npm run build.

webpack compiled successfully
```

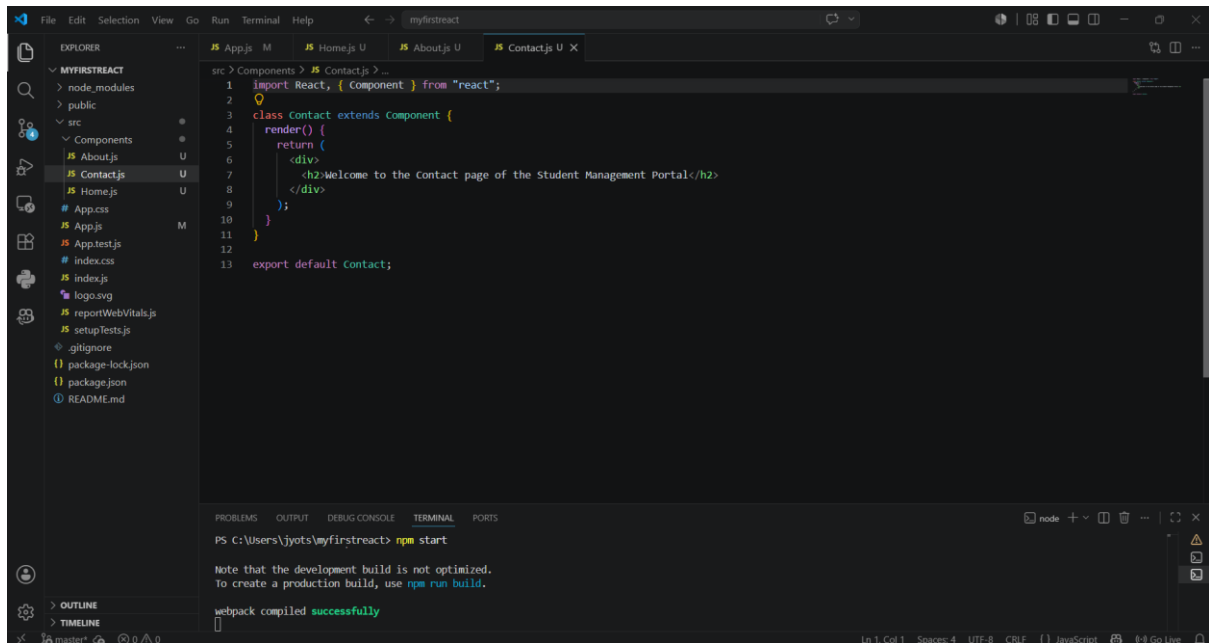

Home.js

About.js

Contact.js

The screenshot shows a VS Code editor window with the file explorer on the left displaying the project structure. The main editor area shows the `Contact.js` file with the following code:

```
src > Components > Contact.js > ...
1  import React, { Component } from "react";
2
3  class Contact extends Component {
4    render() {
5      return (
6        <div>
7          <h2>Welcome to the Contact page of the Student Management Portal</h2>
8        </div>
9      );
10   }
11 }
12
13 export default Contact;
```

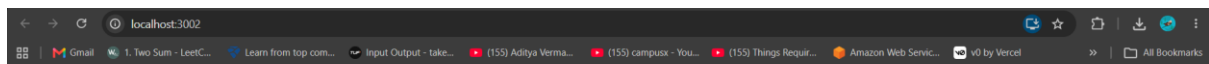

The terminal at the bottom shows the command `npm start` and the output:

```
PS C:\Users\jyots\myfirstreact> npm start

Note that the development build is not optimized.
To create a production build, use npm run build.

webpack compiled successfully
```

Output

Welcome to the Home page of Student Management Portal

Welcome to the About page of the Student Management Portal

Welcome to the Contact page of the Student Management Portal
